INDEPENDENT AUDITOR'S REPORT

**To the Honorable Mayor and
Members of Council of
City of Dry Ridge, Kentucky**

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Dry Ridge, Kentucky, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the City of Dry Ridge, Kentucky's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Dry Ridge, Kentucky as of June 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with accounting standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Dry Ridge, Kentucky and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Dry Ridge, Kentucky's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Dry Ridge, Kentucky's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Dry Ridge, Kentucky's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison schedules, and *Multiple Employer, Cost Sharing, Defined Benefit Pension and OPEB Plan* disclosures be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Dry Ridge, Kentucky's basic financial statements. The minor governmental fund budget to actual statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the minor governmental fund budget to actual statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 15, 2024, on our consideration of the City of Dry Ridge, Kentucky's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Dry Ridge, Kentucky's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Dry Ridge, Kentucky's internal control over financial reporting and compliance.

City of Dry Ridge, Kentucky Management's Discussion and Analysis

Our discussion and analysis of the City of Dry Ridge's financial performance for the fiscal year ended June 30, 2023, is intended to compliment the formal financial statements. The formal financial statements, upon which the audit firm renders their opinion, can be fairly complex. The Notes to the Financial Statements, which are in the last section of the report, must also comply with structured professional standards and can be difficult for a non-accounting professional to understand. This "management's discussion" portion is intended to assist our citizens and other stakeholders in gaining a clearer understanding of the information in the Annual Financial Reports.

OVERVIEW OF THIS ANNUAL REPORT

This Annual Report consists of:

1. The Audit Opinion, pages 2 - 4.
2. This section, Management's Discussion and Analysis.
3. Formal financial statements and supporting schedules, pages 10 thru 17.
4. Notes and supplementary information.
5. Compliance and other matters.

The City's financial statements are presented in two formats, each with a different perspective of the City's finances. Government-wide statements present the finances of the City as one complete entity, while the Fund financial statements attempt to isolate various departments or activities within the City's structure and provide greater detail. Both formats are useful to understand the City's financial structure.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide statements report information about the City as a whole using accounting methods similar to those used by private-sector companies. These statements include all assets and liabilities, using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenditures are taken into account regardless of when cash is received or paid.

Government-wide financial statements provide us with the total net position of the City and the changes in them from prior periods. One can think of the City's net position—the difference between assets and liabilities—in the same way as one would calculate their personal net worth. The year-end net position of the city, its equity, can be compared to prior years to determine if the City's equity is growing or shrinking. This is an important measurement of how the City is doing financially. Of course, the financial results of any entity must be evaluated in conjunction with the local economic environment and a host of non-financial factors such as, population growth, infrastructure asset conditions, new or changed government legislation, and the types and levels of services to be provided.

Both of the government-wide financial statements distinguish functions of the City of Dry Ridge that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City of Dry Ridge include general government, public safety, fire and EMS, highways and streets, and recreation. The business-type activities of the City of Dry Ridge include the Water and Sewer Service. The government-wide financial statements can be found on pages 10-11 of this report.

FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

For the year ended June 30, 2023, net position changed as follows:

	<u>2023</u>	<u>2022</u>
Beginning net position	\$ 4,074,689	\$ 2,692,046
Change in net position	1,715,595	1,382,643
Ending net position	<u>\$ 5,790,284</u>	<u>\$ 4,074,689</u>

FUND FINANCIAL STATEMENTS

Traditional users of government financial statements will find the fund financial statement presentation familiar. The focus of these financial statements is on the City's various funds. The fund financial statements provide more information about the City's funds but not the City as a whole. The funds of the City of Dry Ridge can be divided into two categories: governmental funds, and proprietary funds.

Governmental Funds

The City's basic services are included in governmental funds, which focus on (1) how cash, and other financial assets that can readily be converted to cash, flow in and out, and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, additional information is provided funds statement that explains the relationship (or differences) between them. The City of Dry Ridge has two "governmental funds". The largest is the General Fund, which uses general revenues to provide city services and cover operating expenses. The Municipal Road Aid Fund houses grant receipts to be used only for specific purposes in accordance with Kentucky Revised Statutes. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for each fund. These basic governmental fund financial statements can be found on pages 12-14 of this report.

The City of Dry Ridge adopts an annual appropriated budget for all funds. Budgetary comparison statements have been provided for each fund to demonstrate compliance with this budget.

Proprietary Funds

The City of Dry Ridge maintains one proprietary fund: the Water & Sewer Fund. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The basic proprietary fund financial statements can be found on pages 15-17 of this report.

Net Position

Change in						
Net Position	1,299,167	1,317,789	416,428	178,943	1,715,595	1,496,732
Beginning Net Position	2,712,787	1,394,998	1,361,902	1,182,959	4,074,689	2,577,957
Ending Net Position	\$ 4,011,954	\$ 2,712,787	\$ 1,778,330	\$ 1,361,902	\$ 5,790,284	\$ 4,074,689

Payroll taxes and insurance premium taxes are the primary source of income to the City and increased \$200,999 or 10% due to payroll growth in the City. Property tax increased \$28,948 or 5% due to an \$8.8 million dollar increase property valuations; there was no increase in property tax during this fiscal year.

The majority of the City's expenses are dedicated to Public Safety, Public Works, and General Government. The City began carrying all of its personnel related expenditures in the General Government category during the current fiscal year. Overall governmental expenditures increased by \$795,154 or 21% for the fiscal year.

This increase is attributable to an increase in personnel expense for the EMS services which now cover all of Grant County; the City charges Grant County and other Grant County municipalities for this service, as is noted in the significant increases in the charges for services revenues. Additional expenditures of \$526,972 in ARPA funds were recorded for various improvement projects in the City.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The capital assets were reported for the fiscal years ended as follows:

	Governmental Activities		Business-type Activities	
	2023	2022	2023	2022
Land	\$ 374,500	\$ 117,500	\$ 2,000	\$ 2,000
Work in progress	-	58,196	-	-
Buildings	567,815	567,815	74,561	74,561
Utility system	-	-	4,402,454	4,402,454
Infrastructure	741,474	741,474	-	-
Improvements	576,842	440,746	-	-
Vehicles	1,669,230	1,625,449	-	-
Equipment	2,213,773	2,194,667	657,672	567,772
Furniture & fixtures	162,325	162,325	-	-
Totals	<u>\$ 6,305,959</u>	<u>\$ 5,908,172</u>	<u>\$ 5,136,687</u>	<u>\$ 5,046,787</u>

This year's net increase of \$397,787 in Governmental capital assets and \$89,900 in Business-type assets includes the following:

	Governmental Activities	Business-type Activities
Land	\$ 257,000	\$ -
Public works truck	43,781	-
Park improvements and equipment	97,006	-
Sanitation equipment	-	89,900
	<u>\$ 397,787</u>	<u>\$ 89,900</u>

Additional information on the City's capital assets can be found in Note F on pages 25-26.

Long-term Debt

At June 30, 2023, the City had \$798,867 in outstanding debt. The following is a summary of the City's debt transactions during the year ended June 30, 2023:

	Governmental Activities		Business-type Activities		Totals	
	2023	2022	2023	2022	2023	2022
Notes payable	\$ 460,774	\$ 518,554	\$ 184,693	\$ 208,833	\$ 645,467	\$ 727,387
Bonds payable	-	-	153,400	157,900	153,400	157,900
Totals	<u>\$ 460,774</u>	<u>\$ 518,554</u>	<u>\$ 338,093</u>	<u>\$ 366,733</u>	<u>\$ 798,867</u>	<u>\$ 885,287</u>

Additional information on the City of Dry Ridge's long-term debt can be found in Note G on pages 25-29 of this report.

BUDGET ANALYSIS

The City has a conservative budget approach and usually encounters favorable budget variances at the end of its fiscal years.

In the City's General Fund, actual revenues of \$5,871,176 exceeded budgeted revenues of \$5,106,853 by \$764,323. Actual expenditures of \$4,398,746 were below budget expenditures of \$5,066,924 by \$668,178. The City did not amend its original budget in fiscal year 2023.

Expenditures for general government were significantly below budget and most ARPA expenditures were delayed until future fiscal years.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The fiscal year 2024 budget should be adequate to continue the City's delivery of high-quality public service in a manner consistent with previous years. Care will be taken that all expenditures are prudent and that the City can maintain its strong financial position.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact City Clerk/Treasurer at 31 Broadway, Dry Ridge, Kentucky.

<p>CITY OF DRY RIDGE, KENTUCKY RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES For the Year Ended June 30, 2023</p>

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$ 1,514,663
--	--------------

Amounts reported for *governmental activities* in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense:

Capital asset purchases capitalized	397,787
Depreciation expense	(159,409)

Ghana TIF District resources provide current financial resources in the funds, however, in the government-wide statements, these resources are an adjustment to a long-term Note receivable.

Decrease in TIF District note receivable	(22,563)
--	----------

The issuance of long-term debt provides current financial resources for the governmental funds and thus contributes to the change in fund balance. In the statement of net position, however, proceeds from loans and subsequent repayment of the debt is reported as an adjustment to long-term liabilities.

Principal payments on loan	57,780
Proceeds from loans	-

Governmental funds report pension contributions as expenditures, however, in the statement of activities, the cost of the pension benefits earned, net of employer contributions, is reported as pension expense:

Costs of benefits earned	(500,177)
--------------------------	-----------

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds, such as compensated absences.

<u>11,086</u>

Change in net position of governmental activities	<u><u>\$ 1,299,167</u></u>
---	----------------------------

CITY OF DRY RIDGE, KENTUCKY NOTES TO FINANCIAL STATEMENTS June 30, 2023
--

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the City of Dry Ridge, Kentucky, have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The significant accounting policies of the City are described below.

Financial Reporting Entity

The City of Dry Ridge is a municipality governed by an elected Mayor and six-member City Council. As defined by GAAP, and established by GASB, the financial reporting entity consists of the primary government (The City of Dry Ridge, Kentucky as legally defined). Potential component units were considered for inclusion in the financial reporting entity. Component units are separate organizations for which the elected officials of the primary government would be financially accountable. Financial accountability is defined as appointment of a voting majority of the component unit's board, and either a) the ability to impose its will is held by the primary government, or b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government. A component unit which is fiscally dependent upon the primary government even when the primary government does not have a voting majority of the component unit's board is also to be included in the statements of the primary government.

The City does not have any component units to be included in its financial report.

BASIS OF PRESENTATION

Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the City. For the most part, the effect of inter-fund activity has been removed from these statements. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The City's utility fund operations are reported as business-type activities.

The statement of activities demonstrates the degree to which direct expenses, of a given function or segment, are offset by program revenues. Direct expenses are those clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Amounts paid to acquire capital assets are capitalized as assets in the government-wide financial statements, rather than reported as expenditures. Proceeds of long-term debt are recorded as a liability in the government-wide financial statements, rather than as other financing sources. Amounts paid to reduce long-term indebtedness of the City are reported as a reduction of the related liability, rather than as an expenditure.

CITY OF DRY RIDGE, KENTUCKY NOTES TO FINANCIAL STATEMENTS June 30, 2023
--

Fund Financial Statements

Separate financial statements are provided for governmental funds and proprietary funds. The focus of fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column.

The City uses funds to report on its financial position and the result of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain functions or activities. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

Governmental funds are those through which most governmental functions typically are financed. The acquisition, use, and balances of the City's expendable financial resources and the related current liabilities (except those accounted for in proprietary funds) are accounted for through governmental funds. The City's major governmental funds are as follows:

General Fund – The General Fund is the government's primary operating fund. It accounts for all financial resources of the general government, except for those required to be accounted for in another fund.

Special Revenue Fund – This fund is used to account for the proceeds of specific revenue sources that are restricted to expenditures for specific purposes. Currently, the City maintains a special revenue fund for Municipal Aid funds. The Municipal Aid Fund is used to account for the receipt and disbursement of funds in accordance with Kentucky Revised Statutes for the Kentucky Municipal Road Aid Fund.

Proprietary funds are used to account for the City's ongoing activities that are similar to those found in the private sector where the intent of the governing body is that the cost of providing goods and services to the general public be financed or recovered primarily through user charges. The government reports the activities their water and sewer operations as a proprietary fund.

BASIS OF ACCOUNTING

The government-wide financial statements and the proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay the liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred,

CITY OF DRY RIDGE, KENTUCKY NOTES TO FINANCIAL STATEMENTS June 30, 2023
--

as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, license fees, interest, and other revenues associated with current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government. No allowance for doubtful accounts is required for any receivables.

Proprietary funds distinguish operating revenues and expenses from non-operating revenues and expenses. Operating revenues and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operations. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. In accordance with GASB Statement No. 20, the City has elected to follow GASB statements issued after November 30, 1989, rather than the Financial Accounting Standards Board, in accounting for enterprise funds and business-type activities.

Assets, Liabilities and Net Position or Equity

Cash and Cash Equivalents

Cash and cash equivalents include demand deposits as well as short-term investments with an initial maturity date within three months of the date acquired by the City. The City is authorized by state statute to invest in:

1. Obligations of the United States and of its agencies and instrumentalities.
2. Certificates of deposit.
3. Banker's acceptances.
4. Commercial paper.
5. Bonds of other states or local governments.
6. Mutual funds.

Property Tax Receivable

Property taxes are levied as of January 1 on property values assessed as of the same date. The taxes are billed on approximately October 1 and are due and payable on December 31. On January 1, the bill becomes delinquent and penalties plus interest may be assessed by the City. A lien may be placed on the property on January 1. Property tax rates for the year ended June 30, 2023 were \$0.2480 per \$100 valuation for real property and \$0.2040 per \$100 valuation for personal property. The assessed value of property on which the levy for 2022 was based was \$199,898,000 for real property and \$32,070,653 for personal property.

Short-Term Inter-fund Receivables/Payables

During the course of operation, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from/to other funds" on the balance sheet. Short-term inter-fund loans are classified as "inter-fund receivables/payables". There were no outstanding receivables or payables at June 30, 2023.

CITY OF DRY RIDGE, KENTUCKY NOTES TO FINANCIAL STATEMENTS June 30, 2023
--

Capital Assets

General capital assets are those assets not specifically related to activities reported in the proprietary fund. These assets are reported in the governmental activities column of the government-wide statement of net position. Capital assets used by the proprietary fund are reported in the business-type activities column of the government-wide statement of net position.

The accounting and reporting treatment applied to capital assets associated with a fund are determined by its measurement focus. General capital assets are long-lived assets of the City as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized (recorded and accounted for) in the General Fixed Asset Account Group. Infrastructure such as streets, traffic signals, and signs are capitalized. The valuation basis for general capital assets are historical costs, or where historical cost is not available, estimated historical cost based on replacement cost.

Capital assets used in operations are depreciated over their estimated useful lives using the straight-line method in the government-wide financial statements. Depreciation is charged as an expense against operations, and accumulated depreciation is reported on the respective balance sheet.

The range of lives used for depreciation purposes for each fixed asset class is as follows:

Buildings	40 years
Public Domain Infrastructure	10-40 years
Improvements	10 years
Vehicles	7 years
Machinery & Equipment	5 years
Furniture & Fixtures	5 years

Deferred Revenue

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Compensated Absences

The City reports compensated absences in accordance with GASB Statement No. 16, *Accounting for Compensated Absences*. It is the government's policy to permit employees to accumulate earned but unused vacation-pay benefits. There is no liability for unpaid accumulated sick leave since the government does not have a policy to pay any amounts when employees separate from service with the government. All vacation pay is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the government funds only if they have matured, for example, as a result of employee resignations and retirements. The general fund has typically been used to liquidate compensated absences as they become due and payable.

Long-term Obligations

The accounting treatment of long-term debt depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

CITY OF DRY RIDGE, KENTUCKY NOTES TO FINANCIAL STATEMENTS June 30, 2023
--

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net position.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as revenues and payment of principal and interest reported as expenditures. The accounting for the proprietary fund is the same in the fund statements as it is in the government-wide statements.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the County Employee Retirement System (CERS) and additions to/deductions from CERS' fiduciary net position have been determined on the same basis of as they are reported by CERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

Other Post-Employment Benefits – Health Insurance Plan

For purposes of measuring the net liability for other post-employment benefits – health insurance plan (OPEB), deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the County Employees Retirement System and additions to/deductions from fiduciary net position have been determined on the same basis as they are reported by the OPEB. For this purpose, benefit payments are recognized when due and payable. In accordance with the benefit terms. Investments are reported at fair value.

Fund Equity

In the fund financial statements, governmental funds report aggregate amounts for five classifications of fund balances based on the constraints imposed on the use of these resources.

Non-spendable fund balance – This classification includes amounts that cannot be spent because they are either (a) not in spendable form – long-term receivables and prepaid items; or (b) legally or contractually required to be maintained intact.

The spendable portion of the fund balance comprises the remaining four classifications: restricted, committed, assigned and unassigned.

Restricted fund balance – This classification reflects the constraints imposed on resources either (a) externally by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance - These amounts can only be used for specific purposes to constraints imposed by formal ordinances of the City Council (the government's highest level of decision-making authority). Those committed amounts cannot be used for any other purposes unless the City Council removes the specified use by taking the same type of action imposing the commitment. This classification also includes contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

CITY OF DRY RIDGE, KENTUCKY
NOTES TO FINANCIAL STATEMENTS
June 30, 2023

Assigned fund balance – This classification reflects the amounts constrained by the City’s “intent” to be used for specific purposes but are neither restricted nor committed. The City Council and City Administrator have the authority to assign amounts to be used for specific purposes. Assigned fund balances include all remaining amounts (except negative balances) that are reported in governmental funds, other than the General Fund, that are not classified as non-spendable and are neither restricted nor committed.

Unassigned fund balance – This fund balance is the residual classification for the General Fund. It is also used to report negative fund balances in other governmental funds. The City Council has set a General Fund minimum fund balance target at 30% of expenditures and recurring transfers. No other fund balance policies exist.

When both restricted and unrestricted resources are available for use, it is the City’s policy to use externally restricted resources first, then unrestricted resources – committed, assigned and unassigned – in order as needed. The City has no outstanding encumbrances as of June 30, 2022.

Estimates and Uncertainties

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE B – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- A. In accordance with City ordinance prior to June 1, the Mayor submits to the City Council, a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them for the upcoming year.
- B. A public meeting is conducted to obtain taxpayer comment.
- C. Prior to June 30, the budget is legally enacted through passage of an ordinance.
- D. The Mayor is required by Kentucky Revised Statute to present a quarterly report to the City Council explaining any variance from the approved budget.
- E. Appropriations continue in effect until a new budget is adopted.
- F. The Council authorizes supplemental appropriations during the year.

Expenditures may not legally exceed budgeted appropriations at the department level. Any revisions to the budget that would alter total revenues and expenditures of any fund must be approved by the Council; however, with proper approval by the Council, budgetary transfers between departments can be made. The Council adopted three supplementary appropriation ordinances. All appropriations lapse at fiscal year-end. Annual budgets are adopted on a basis consistent with GAAP.

CITY OF DRY RIDGE, KENTUCKY NOTES TO FINANCIAL STATEMENTS June 30, 2023
--

Deficit net position – No funds of the City ended the fiscal year in a deficit net position.

NOTE C – DEPOSITS AND INVESTMENTS

Custodial Credit Risk – Deposits – For deposits, this is the risk that in the event of a bank failure, the City's deposits may not be returned. As allowed by law, the depository bank must pledge securities in addition to FDIC insurance at least equal to the amount on deposit at all times. The City's deposit policy maintains deposits with financial institutions insured by the Federal Deposit Insurance Corporation (FDIC). The City's bank balances are entirely insured or collateralized with securities held by the financial institution in the City's behalf, as required by state legal requirements.

As of June 30, 2023, the City had cash and cash equivalents of \$8,829,652. All cash balances that were not covered by FDIC insurance are fully collateralized.

Interest rate risk – In accordance with the City's investment policy, interest rate risk is minimized by investing in public funds with the highest rate of return with the maximum security of principal. Investments are undertaken in a manner that seeks to ensure preservation of capital in the portfolio.

NOTE D – NOTE RECEIVABLE

In 2018, the City recorded a note receivable from the developer of the Ghana TIF District Project. This note is being used to repay the City for the total debt service amounts of the 2017, and subsequently the 2021, Forcht Bank Ghana Loans as described in Note K to the financial statements. The note consists of the original \$430,000 in draws, along with an initial interest of \$4,339 paid in the first 18 months by the City, for an original balance of \$434,339. This note is paid through the collection of Ghana TIF District property and payroll taxes annually. The TIF district property acts as collateral for this note. As of June 30, 2023 the note receivable is \$378,297.

NOTE E – CLAIMS AND JUDGMENTS

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amounts, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the City expects such amounts, if any, to be immaterial.

NOTE F – AMERICAN RESCUE PLAN ACT (ARPA) FUNDING

The City received three payments under the American Rescue Plan Act totaling \$580,983. The City expended and recognized \$43,430 of the funding in the fiscal year ended June 30, 2022 and \$526,972 during fiscal year 2023. The remaining \$10,581 remains as revenue deferred to future years, and will be recognized when expended, per grant requirements.

CITY OF DRY RIDGE, KENTUCKY NOTES TO FINANCIAL STATEMENTS June 30, 2023
--

Forcht Bank – 2021 Ghana Loan – (Governmental Activities)

On November 16, 2021, the City signed a promissory note for \$334,480 to re-finance the Forcht Bank – 2017 Ghana Loan noted above. The Note is secured by the real property included in the Ghana TIF project and requires monthly interest payments and an annual principal payment. The note carries an annual interest rate of 2.75%. The developer for the Ghana project continues have a promissory note to the City to pay the City an amount equal to the outstanding balance, principal and interest, due on the loan less all associated property tax and payroll tax payments made on TIF property during the life of the TIF district.

The remaining debt service is as follows:

Fiscal Year Ending June 30,	Principal	Interest	Total Debt Service
2024	\$ 8,500	\$ 8,594	\$ 17,094
2025	8,500	8,361	16,861
2026	8,500	8,127	16,627
2027	291,980	3,346	295,326
Total	<u>\$ 317,480</u>	<u>\$ 28,428</u>	<u>\$ 345,908</u>

Forcht Bank Lease – (Governmental Activities)

On August 14, 2020, the City entered into a \$26,250 promissory agreement with Forcht Bank to acquire property. This note carries an interest rate of 2.75% and requires monthly payments of \$451. Final payment will be August 14, 2025. The remaining debt service is as follows:

Fiscal Year Ending June 30,	Principal	Interest	Total Debt Service
2024	\$ 5,164	\$ 252	\$ 5,416
2025	5,310	106	5,416
2026	902	1	903
Total	<u>\$ 11,376</u>	<u>\$ 359</u>	<u>\$ 11,735</u>

Forcht Bank Lease – (Governmental Activities)

On April 20, 2021, the City entered into a \$226,380 promissory agreement with Forcht Bank for the purchase of an ambulance, medical equipment, and to pay off the balance of an existing loan. This lease is secured by the ambulances, carries an interest rate of 2.60% and requires monthly payments of \$4,031. Final payment will be May 20, 2026.

CITY OF DRY RIDGE, KENTUCKY NOTES TO FINANCIAL STATEMENTS June 30, 2023
--

The remaining debt service is as follows:

Fiscal Year Ending June 30,	Principal	Interest	Total Debt Service
2024	\$ 45,444	\$ 2,934	48,378
2025	46,658	1,720	48,378
2026	39,816	482	40,315
Total	<u>\$ 131,918</u>	<u>\$ 5,136</u>	<u>\$ 137,071</u>

Heritage Bank Lease – (Business-type Activities)

On October 2, 2015, the City entered into a \$343,800 lease agreement with Heritage Bank to fund a Project of purchasing water reading equipment and repairing water towers. The lease is secured by the Project, carries a fixed interest rate of 2.68% until October 2, 2020, then adjusts every 3 years to a rate equal to the then current year US Treasury Bill rate plus 3.00%, and requires a monthly principal and interest payment of \$2,328. Final payment will be October 2, 2030. The remaining debt service is as follows:

Fiscal Year Ending June 30,	Principal	Interest	Total Debt Service
2024	\$ 23,171	\$ 4,766	\$ 27,937
2025	23,821	4,116	27,937

Totals	<u>\$ 153,400</u>	<u>\$ 82,393</u>	<u>\$ 235,793</u>

NOTE I – EMPLOYEE RETIREMENT SYSTEM

Plan description – City employees are covered by CERS (County Employees’ Retirement System), a cost-sharing multiple-employer defined benefit pension and health insurance (Other Post-Employment Benefits; OPEB) plan administered by the Kentucky Public Pension Authority, an agency of the Commonwealth of Kentucky. Under the provisions of the Kentucky Revised Statute (“KRS”) Section 61.645, the Board of Trustees of the Kentucky Public Pension Authority administers CERS and has the authority to establish and amend benefit provisions. The Kentucky Public Pension Authority issues a publicly available financial report that includes financial statements and required supplementary information for CERS. That report may be obtained from <http://kyret.ky.gov/>.

The Plan is divided into both a **Pension Plan** and **Health Insurance Fund Plan** (Other Post-Employment Benefits; OPEB) and each Plan is further sub-divided based on **Non-Hazardous** duty and **Hazardous** duty covered-employee classifications. The City has both *Non-Hazardous* and *Hazardous Duty* employees.

Membership in CERS consisted of the following at June 30, 2022:

	Non-Hazardous		Hazardous	
	Pension	OPEB	Pension	OPEB
Active Plan Members	77,367	76,946	9,173	9,109
Inactive Plan Members	100,738	28,719	2,895	883
Retired Members	67,206	37,584	10,858	7,655
	<u>245,311</u>	<u>143,249</u>	<u>22,926</u>	<u>17,647</u>
Number of participating employers		<u>1,141</u>		<u>260</u>

CITY OF DRY RIDGE, KENTUCKY NOTES TO FINANCIAL STATEMENTS June 30, 2023
--

PENSION PLAN

Non-Hazardous Pension Plan Description

Benefits Provided – CERS provides retirement, health insurance, death and disability benefits to Non-Hazardous duty Plan employees and beneficiaries. Employees are vested in the Plan after five years of service. For retirement purposes, employees are grouped into three tiers, based on hire date:

Tier 1	Participation date	Before September 1, 2008
	Unreduced retirement	27 years service or 65 years old
	Reduced retirement	At least 5 years service and 55 years old At least 25 years service and any age
Tier 2	Participation date	September 1, 2008 - December 31, 2013
	Unreduced retirement	At least 5 years service and 65 years old or age 57+ and sum of service years plus age equal 87
	Reduced retirement	At least 10 years service and 60 years old
Tier 3	Participation date	After December 31, 2013
	Unreduced retirement	At least 5 years service and 65 years old or age 57+ and sum of service years plus age equal 87
	Reduced retirement	Not available

Cost of living adjustments are provided at the discretion of the General Assembly. Retirement is based on a factor of the number of years of service and hire date multiplied by the average of the highest five years' earnings. Reduced benefits are based on factors of both of these components. Participating employees become eligible to receive health insurance benefits after at least 180 months of service. Death benefits are provided for both death after retirement and death prior to retirement. Death benefits after retirement are \$5,000 in lump sum. Five years' service is required for death benefits prior to retirement and the employee must have suffered a duty-related death. The decedent's beneficiary will receive the higher of the normal death benefit and \$10,000 plus 25% of the decedent's monthly final rate or pay and any dependent child will receive 10% of the decedent's monthly final rate of pay up to 40% for all dependent children. Five years' service is required for nonservice-related disability benefits.

Contributions – Required pension contributions by the employee are based on the tier:

	<u>Required Contribution</u>
Tier 1	5%
Tier 2	5%
Tier 3	5%

Hazardous Pension Plan Description

Benefits Provided – CERS provides retirement, health insurance, death and disability benefits to Hazardous duty Plan employees and beneficiaries. Employees are vested in the Plan after five years of service.

For retirement purposes, employees are grouped into three tiers, based on hire date:

<p>CITY OF DRY RIDGE, KENTUCKY NOTES TO FINANCIAL STATEMENTS June 30, 2023</p>

Tier 1	Participation date	Before September 1, 2008
	Unreduced retirement	At least one month of hazardous duty service credit and 55 years old, or any age with 20 years of service.
	Reduced retirement	15 years service and 50 years old
Tier 2	Participation date	September 1, 2008 - December 31, 2013
	Unreduced retirement	At least 5 years of hazardous duty service credit and 60 years old or any age with 25 years of service.
	Reduced retirement	15 years service and 50 years old
Tier 3	Participation date	On or after January 1, 2014
	Unreduced retirement	At least 5 years of hazardous duty service credit and 60 years old or 25 or more years of service, with no age requirement
	Reduced retirement	Not available

Cost of living adjustments are provided at the discretion of the General Assembly. Retirement is based on a factor of the number of years of service and hire date multiplied by the average of the highest five years' earnings. Reduced benefits are based on factors of both of these components. Participating employees become eligible to receive health insurance benefits after at least 180 months of service. Death benefits are provided for both death after retirement and death prior to retirement. Death benefits after retirement are \$5,000 in lump sum. Five years' service is required for death benefits prior to retirement and the employee must have suffered a duty-related death. The decedent's beneficiary will receive the higher of the normal death benefit and \$10,000 plus 25% of the decedent's monthly final rate or pay and any dependent child will receive 10% of the decedent's monthly final rate of pay up to 40% for all dependent children. Five years' service is required for nonservice-related disability benefits.

Contributions – Required pension contributions by the employee are based on the tier:

	<u>Required Contribution</u>
Tier 1	8%
Tier 2	8%
Tier 3	8%

Contributions

For non-hazardous duty employees, the City contributed 26.79% of covered-employee's compensation, of which 23.40% was for the pension fund and 3.39% was for the health insurance fund.

For hazardous duty employees, the City contributed 49.59% of covered-employee's compensation, of which 42.81% was for the pension fund and 6.78% was for the health insurance fund.

The City made all required contributions for the non-hazardous Plan pension obligation for the fiscal year in the amount of \$96,101 of which \$83,932 was for the pension fund and \$12,159 was for the health insurance fund.

The City made all required contributions for the hazardous Plan pension obligation for the fiscal year in the amount of \$656,374, of which \$566,634 was for the pension fund and \$89,740 was for the health insurance fund.

CITY OF DRY RIDGE, KENTUCKY NOTES TO FINANCIAL STATEMENTS June 30, 2023
--

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

At June 30, 2023, the City reported a liability of \$5,891,158 (\$768,372 for the non-hazardous plan and \$5,122,786 for the hazardous duty Plan) as its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension Plan relative to the projected contributions of all participating entities, actuarially determined. At the June 30, 2022 measurement year, the City's non-hazardous employer allocation proportion was 0.0106% of the total CERS non-hazardous duty employees and the hazardous employer allocation proportion was 0.1678% of the total CERS hazardous duty employees. For the year ended June 30, 2023, the City recognized pension expense of \$128,218 in addition to its \$650,574 pension contribution.

At June 30, 2023, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Non-Hazardous		Hazardous		Total	
	Deferred Outflow	Deferred Inflow	Deferred Outflow	Deferred Inflow	Deferred Outflow	Deferred Inflow
Differences between expected and actual experience	\$ 821	\$ (6,843)	\$ 146,879	\$ -	\$ 147,700	\$ (6,843)
Net difference between projected actual earnings on plan investments	19,698	-	118,322	-	138,020	-
Changes of assump.	-	-	-	-	-	-
Changes in proportion, differences between contributions and proportionate share of contributions	-	(27,984)	1,015,113	(159,589)	1,015,113	(187,573)
Contributions subsequent to the measurement date	83,932	-	566,642	-	650,574	-
	<u>\$ 104,451</u>	<u>\$ (34,827)</u>	<u>\$ 1,846,956</u>	<u>\$ (159,589)</u>	<u>\$ 1,951,407</u>	<u>\$ (194,416)</u>

CITY OF DRY RIDGE, KENTUCKY NOTES TO FINANCIAL STATEMENTS June 30, 2023
--

The City's contributions subsequent to the measurement date of \$650,574 will be recognized as a reduction of the net pension liability in the year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Measurement Year Ending June 30,	Net Deferral
2023	\$ 357,586
2024	292,930
2025	237,689
2026	218,212
2027	-
Thereafter	-
	<u>\$ 1,106,417</u>

Actuarial Methods and Assumptions for Determining the Total Pension Liability and Net Pension Liability

For financial reporting, the actuarial valuation as of June 30, 2022, was performed by Gabriel Roeder Smith (GRS). The total pension liability, net pension liability, and sensitivity information as of June 30, 2022 were based on an actuarial valuation date of June 30, 2021. The total pension liability was rolled forward from the valuation date (June 30, 2021) to the plan's fiscal year ending date of June 30, 2022, using generally accepted actuarial principles.

There have been no actuarial assumption or method changes since June 30, 2021. Additionally, there have been no plan provision changes that would materially impact the total pension liability since June 30, 2012.

House Bill 1 passed during the 2022 legislative session and included a provision that provided an approximate 8% across-the-board salary increase for KERS members effective July 1, 2022, for eligible State employees. While this salary increase may produce an actuarial loss with respect to the liability attributable to Tier 1 and Tier 2 active members (i.e., a higher total pension liability than expected based on current actuarial assumptions), there was not sufficient information available at the time the roll forward Total Pension Liability was calculated to make a reasonable adjustment to reflect these anticipated salary increases. It is GRS's opinion that these procedures for determining the information contained in this report are reasonable, appropriate, and comply with applicable requirements under GASB No. 68.

The actuarial assumptions for CERS Non-Hazardous and CERS Hazardous plans are as follows:

Valuation Date	June 30, 2020
Experience Study	July 1, 2013 to June 30, 2018
Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percent of Pay
Remaining Amortization Period	30 years closed period at June 30, 2019; gains and losses incurring after 2019 will be amortized over separate closed 20-year amortization bases
Payroll Growth Rate	2.0%

<p>CITY OF DRY RIDGE, KENTUCKY NOTES TO FINANCIAL STATEMENTS June 30, 2023</p>

Asset Valuation Method	20% of the difference between the market value of assets and the expected actuarial value of assets is recognized
Inflation	2.30%
Salary Increases	3.30% to 10.30%, varies by service for Non-Hazardous 3.55% to 19.05% varies by service for Hazardous
Investment Rate of Return	6.25%
Phase-in Provision	Board certified rate is phased into the actuarially determined rate in accordance with HB 362 enacted in 2018.

The mortality table used for active members was a Pub-2010 General Mortality table, for the Non-Hazardous System, and the Pub-2010 Public Safety Mortality table for the Hazardous System, projected with the ultimate rates from the MP-2014 mortality improvement scale using a base year of 2010. The mortality table used for healthy retired members was a system-specific mortality table based on mortality experience from 2013-2018, projected with the ultimate rates from MP-2014 mortality improvement scale using a base year of 2019. The mortality table used for the disabled members was PUB-2010 Disabled Mortality table, with a 4-year set-forward for both male and female rates, projected with the ultimate rates from the MP-2014 mortality improvement scale using a base year of 2010.

Changes of Assumptions

There have been no changes in actuarial assumptions since June 30, 2021.

Discount Rate

The projection of cash flows used to determine the discount rate of 6.25% for CERS Non-hazardous and CERS Hazardous assumes that the funds receive the required employer contributions each future year, as determined by the current funding policy established in Statute, as amended by House Bill 362, (passed in 2018) over the remaining 29 years (closed) amortization period of the unfunded actuarial accrued liability.

CITY OF DRY RIDGE, KENTUCKY NOTES TO FINANCIAL STATEMENTS June 30, 2023

Plan Target Allocation

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	CERS Pensions Non-Hazardous Target Allocation	Long Term Expected Nominal Return
Public equity	50.00%	4.45%
Private equity	10.00%	10.15%
Core bonds	10.00%	0.28%
Specialty credit / high yield	10.00%	2.28%
Cash	0.00%	-0.91%
Real estate	7.00%	3.67%
Real return	13.00%	4.07%
Expected Real Return	100.00%	4.28%
Long-Term Inflation Assumption		2.30%
Expected Nominal Return for Portfolio		6.58%

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 6.25 percent, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.25 percent) or 1-percentage-point higher (7.25 percent) than the current rate:

	Proportionate Share of Net Pension Liability		
	1% Decrease	Current Rate	1% Increase
	5.25%	6.25%	7.25%
Non-hazardous	\$ 960,369	\$ 768,372	\$ 609,574
Hazardous	6,381,269	5,122,786	4,097,830
Total	\$ 7,341,638	\$ 5,891,158	\$ 4,707,404

Contributions

Contribution requirements for covered employees and participating governmental entities are established and may be amended by the KPPA Trustees.

For non-hazardous employees, the City contributed 3.39% of covered employees' compensation for the health insurance fund.

For hazardous duty employees, the City contributed 6.78% of covered employees' compensation for the health insurance fund.

The City made all required contributions for the non-hazardous Plan OPEB obligation for the fiscal year in the amount of \$12,159.

The City made all required contributions for the hazardous Plan OPEB obligation for the fiscal year in the amount of \$89,742.

These contributions are actuarially determined as an amount that is expected to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded

CITY OF DRY RIDGE, KENTUCKY NOTES TO FINANCIAL STATEMENTS June 30, 2023
--

accrued liability. For the year ended June 30, 2023, the City recognized OPEB expense of \$172,847 in addition to its \$101,901 OPEB contribution.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2023, the City reported a liability of \$1,638,979 as its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2022, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The City's proportion of the net OPEB liability was based on a projection of the City's long-term share of contributions to the OPEB Plan relative to the projected contributions of all governmental entities, actuarially determined. At the June 30, 2022 measurement year, the City's non-hazardous employer allocation proportion was 0.0106% of the total CERS non-hazardous duty employees and the hazardous employer allocation proportion was 0.1678% of the total CERS hazardous duty employees.

In addition, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Non-Hazardous		Hazardous		Total	
	Deferred Outflow	Deferred Inflow	Deferred Outflow	Deferred Inflow	Deferred Outflow	Deferred Inflow
Differences between expected and actual experience	\$ 21,111	\$ (48,095)	\$ 31,580	\$ (84,648)	\$ 52,691	\$ (132,743)
Net difference between projected actual earnings on plan investments	8,512	-	52,166	-	60,678	-
Changes of assump.	33,170	(27,331)	238,584	(245,923)	271,754	(273,254)
Changes in proportion, differences between contributions and proportionate share of contributions	-	(37,485)	335,159	(60,182)	335,159	(97,667)
Contributions subsequent to the measurement date	12,159	-	89,742	-	101,901	-
	<u>\$ 74,952</u>	<u>\$ (112,911)</u>	<u>\$ 747,231</u>	<u>\$ (390,753)</u>	<u>\$ 822,183</u>	<u>\$ (503,664)</u>

CITY OF DRY RIDGE, KENTUCKY NOTES TO FINANCIAL STATEMENTS June 30, 2023
--

The City's contributions subsequent to the measurement date of \$101,901 will be recognized as a reduction of the net OPEB liability in the year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Measurement Year Ending June 30,	Net Deferral
2023	\$ 67,352
2024	50,830
2025	18,878
2026	77,287
2027	2,272
Thereafter	-
	<u>\$ 216,619</u>

Actuarial Methods and Assumptions to Determine the Total OPEB Liability and the Net OPEB Liability

For financial reporting, the actuarial valuation as of June 30, 2022, was performed by Gabriel Roeder Smith (GRS). The total OPEB liability, net OPEB liability, and sensitivity information as of June 30, 2022, were based on an actuarial valuation date of June 30, 2021. The total OPEB liability was rolled-forward from the valuation date (June 30, 2021) to the plan's fiscal year ending date of June 30, 2022, using the generally accepted actuarial principles.

The actuarial assumptions for CERS Non-Hazardous and CERS Hazardous plans are as follows:

Valuation Date	June 30, 2020
Experience Study	July 1, 2013 to June 30, 2018
Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percent of Pay
Remaining Amortization Period	30 years closed period at June 30, 2019; gains and losses incurring after 2019 will be amortized over separate closed 20-year amortization bases
Payroll Growth Rate	2.0%
Asset Valuation Method	20% of the difference between the market value of assets and the expected actuarial value of assets is recognized
Inflation	2.30%
Salary Increases	3.30% to 10.30%, varies by service for Non-hazardous 3.55% to 19.05% varies by service for Hazardous
Investment Rate of Return	6.25%
Healthcare Trend Rates Pre - 65	Initial trend starting at 6.20% at January 1, 2024, and gradually decreasing to an ultimate trend rate of 4.05% over a period of 13 years.

<p>CITY OF DRY RIDGE, KENTUCKY NOTES TO FINANCIAL STATEMENTS June 30, 2023</p>

Post - 65	Initial trend starting at 9.00% in 2024, then gradually decreasing to an ultimate trend rate of 4.05% over a period of 13 years
-----------	---

Mortality

Pre-retirement	PUB-2010 General Mortality table, for the Nonhazardous Systems, and the PUB2010 Public Safety Mortality table for the Hazardous Systems, projected with the ultimate rates from the MP-2014 mortality improvement scale using a base year of 2010
Post-retirement (non- disabled)	System-specific mortality table based on mortality experience 2013-2018, projected with the ultimate rates from MP-2014 mortality improvement scale using a base year of 2019.
Post-retirement (disabled)	PUB-2010 Disabled Mortality table, with a 4-year set-forward for both male and female rates, projected with the ultimate rates from the MP-2014 mortality improvement scale using a base year of 2010

The single discount rates used to calculate the total OPEB liability within each plan changed since the prior year. The assumed increase in future health care costs, or trend assumption, was reviewed during the June 30, 2021, valuation process and was updated to better reflect the plan’s anticipated long-term healthcare costs. There were no other material assumption changes.

Senate Bill 209 passed during the 2022 legislative session and increased the insurance dollar contribution for members hired on or after July 1, 2003, by \$5 for each year of service a member attains over certain thresholds, depending on a member’s retirement eligibility requirement. This increase in the insurance dollar contribution does not increase by 1.5% annually and is only payable for non-Medicare retirees. Additionally, it is only payable when the member’s applicable insurance fund is at least 90% funded. The increase is first payable on January 1, 2023. Senate Bill 209 also allows members receiving the insurance dollar contribution to participate in a medical insurance reimbursement plan that would provide the reimbursement of premiums for health plans other than those administered by KPPA.

The total OPEB liability as of June 30, 2022, is determined using these updated benefit provisions. There were no other material plan provision changes.

Changes of Assumptions

The discount rates used to calculate the total OPEB liability increased from 5.20% to 5.70% for the non-hazardous Plan and from 5.05% to 5.61% for the hazardous Plan. The assumed increase in future health care costs, or trend assumption, was reviewed during the June 30, 2022 valuation process and was updated to better reflect more current expectations relating to anticipated future increases in the medical costs. There were no other material assumption changes.

Discount Rate

Single discount rates of 5.70% for CERS Nonhazardous and 5.61% for CERS Hazardous systems were used to measure the total OPEB liability as of June 30, 2022. The single discount rates are based on the expected rate of return on OPEB plan investments of 6.25%, and a municipal bond rate of 3.69%, as reported in Fidelity Index’s “20-Year Municipal GO AA Index” as of June 30, 2022. Based on the stated assumptions and the projection of cash flows as of each fiscal year ending, each plan’s fiduciary

CITY OF DRY RIDGE, KENTUCKY
NOTES TO FINANCIAL STATEMENTS
June 30, 2023

net position and future contributions were projected separately and were sufficient to finance the future benefit payments of the current plan members. Therefore, the long-term expected rate of return on insurance plan investments was applied to all periods of the projected benefit payments paid from the plan. However, the cost associated with the implicit employer subsidy was not included in the calculation of the plans actuarially determined contributions, and any cost associated with the implicit subsidy will not be paid out of the plan trusts. Therefore, the municipal bond rate was applied to future expected benefit payments associated with the implicit subsidy.

The projection of cash flows used to determine the single discount rate must include an assumption regarding future employer contributions made each year. Future contributions are projected assuming that each participating employer in each insurance plan contributes the actuarially determined employer contribution each future year calculated in accordance with the current funding policy.

Plan Target Allocation

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	CERS Pensions Non-Hazardous Target Allocation	Long Term Expected Nominal Return
Public equity	50.00%	4.45%
Private equity	10.00%	10.15%
Core bonds	10.00%	0.28%
Specialty credit/high yield	10.00%	2.28%
Cash	0.00%	-0.91%
Real estate	7.00%	3.67%
Real return	13.00%	4.07%
Expected Real Return	100.00%	4.28%
Long-Term Inflation Assumption		2.30%
Expected Nominal Return for Portfolio		6.58%

Sensitivity of the Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

The following presents the proportionate share of the net OPEB liability calculated using the discount rates of 5.70% for the non-hazardous Plan and 5.61% for the hazardous Plan, as well as what the proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	Proportionate Share of Net OPEB Liability		
	1.00% Decrease	Current Rate	1.00% Increase
Discount Rate, Non-Hazardous	4.70%	5.70%	6.70%
Net OPEB liability, Non-Haz	\$ 280,369	\$ 209,725	\$ 151,326
Discount Rate, Hazardous	4.61%	5.61%	6.61%
Net OPEB liability, Haz	\$ 1,985,906	\$ 1,429,254	\$ 977,149
Total	\$ 2,266,275	\$ 1,638,979	\$ 1,128,475

Sensitivity of the Proportionate Share of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the proportionate share of the net OPEB liability, as well as what the proportionate share of the net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

Healthcare cost trend rate	Proportionate Share of Net OPEB Liability		
	1.00% Decrease	Current Rate	1.00% Increase
Net OPEB liability, non-hazardous	\$ 155,926	\$ 209,725	\$ 274,328
Net OPEB liability, hazardous	998,030	1,429,254	1,954,893
Total	\$ 1,153,956	\$ 1,638,979	\$ 2,229,221

Plan Fiduciary Net Position

Both the Pension Plan and the Health Insurance Plan issue publicly available financial report that include financial statements and required supplementary information, and detailed information about each Plan’s fiduciary net position. These reports may be obtained, in writing, from the Kentucky Public Pension Authority, 1260 Louisville Road, Perimeter Park West, Frankfort, Kentucky, 40601 or online at www.kyret.ky.gov.

NOTE J – CONTINGENT LIABILITIES

The City is from time to time a defendant in various lawsuits. As of June 30, 2023, the City is a defendant in one lawsuit. The suit is a dispute involving a property owner that is near settlement. In the opinion of the City’s Attorney, the resolution of these matters may incur a settlement of \$45,000 over three years; which will not have a material or adverse effect on the financial condition of the government.

NOTE K – RISK MANAGEMENT

The City is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees, and natural disasters. The City pays an annual premium to Kentucky League of Cities Insurance Services (KLCIS) for its general and liability insurance, and workers’ compensation coverage. KLCIS is self-sustaining through member premiums and will reinsure through a commercial company for claims in excess of \$10 million for each insured event. In addition, the City has effectively managed risk through various employee education and prevention programs through the efforts and cooperation of its risk manager and department heads. All risk general liability management activities are accounted for in the General Fund. Expenditures and claims are recognized when probable that a loss has occurred, and the amount of loss can be reasonably estimated.

The City’s attorney estimates that the amount of actual potential claims against the City as of June 30, 2023, will not materially affect the financial condition of the City. Therefore, the General Fund contains no provision for estimated claims. No claim has exceeded insurance coverage amounts in the past five fiscal years.

CITY OF DRY RIDGE, KENTUCKY NOTES TO FINANCIAL STATEMENTS June 30, 2023
--

NOTE L – TAX ABATEMENTS

In accordance with GASB 77, the City must disclose tax abatements and incentives provided within the City. The City has one Tax Increment Financing (TIF) District on which tax abatements are provided to fund the cost to develop infrastructure in the City.

Ghana Project

The local participation TIF district for the Ghana Project was created in 2018 and requires the City to pay for basic infrastructure such as water, sewer, sidewalks and streets to support the project which will contain at least 2 hotels and 2 out-lot restaurants. The City has secured bank financing for this project as described in Note G. The Developer signed an unsecured note receivable, as described in Note D originally in the amount of \$434,339 with the City to pay for a portion of the cost through Tax Increment Financing. The City will apply the incremental increase in property tax and 37.5% of the payroll taxes generated by this project toward the loan balance (principal and interest), and simultaneously reduce the receivable from the Developer.

NOTE M – IMPLEMENTATION OF NEW ACCOUNTING STANDARDS

Statement No. 91 – Conduit Debt Obligations – Implementation in FY 2023

Statement No. 94 – Public-Private and Public-Public Partnerships – FY 2023

Statement No. 96 – Subscription-Based Information Technology Arrangements – FY 2023

The City has determined there are no effects from these pronouncements.

NOTE N – FUTURE ACCOUNTING STANDARDS

Statement No. 100 – Accounting Changes & Error Corrections – Implementation in FY 2024

Statement No. 101 – Compensated Absences – Implementation in FY 2024

NOTE O – SUBSEQUENT EVENTS

The City's management has evaluated and considered the need to recognize or disclose subsequent events through January 15, 2024, which represents the date that these financial statements were available to be issued. Subsequent events past this date, as they pertain to the year ended June 30, 2023, have not been evaluated by the City's management. The City has no significant events to disclose.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

**To the Honorable Mayor and
Members of Council of
City of Dry Ridge, Kentucky**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities and each major fund of the City of Dry Ridge, Kentucky as of June 30, 2022 and the related notes to the financial statements which collectively comprise the City of Dry Ridge, Kentucky's financial statements, and have issued our report thereon dated January 15, 2024.

Internal Control over Financial Reporting

In planning and performing our audits of the financial statements, we considered City of Dry Ridge, Kentucky's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of Dry Ridge, Kentucky's internal control. Accordingly, we do not express an opinion on the effectiveness of City of Dry Ridge, Kentucky's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Dry Ridge, Kentucky's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audits, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
