Subject: Street light contract & drawing for Ferguson Blvd
Date: April 14, 2016 at 12:20 PM
To: jim.wells@cdrky.org

Mr. Wells

Thank you for your interest in Duke Energy's street lighting. Attached is a drawing and Agreement for a quantity of 14 - 150W LED streetlight to be placed along Ferguson Blvd. from KY 22 to the entrance to Piles Chevrolet.

There are 3 components to the streetlight installation

- 1) Monthly energy and maintenance charge
 - a. \$64.85 per month plus riders and tax total for 14 lights
- 2) Streetlight installation
 - a. \$30,213.60 can be paid upfront or over a customer chosen contract of 1,3,5,7, or 10 year period – see attached contract
- 3) Facilities charge for the transformer to power the lights
 - a. \$1427.91 must be paid upfront

If you agree to these terms please choose your payment option & sign pages 1 & 2 of the streetlight contract and return. I will then process the invoice for the upfront charges for the transformer, and for the streetlight payment option you choose.

Thanks

Joe Groeschen
