Dear Mayor Brockman and City Council,

I am writing this letter to express my interest in serving on the Dry Ridge City Council. It is my understanding that there are two current, vacant seats. I feel that I will be able to serve my community well.

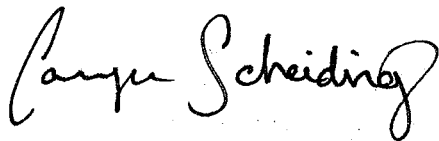

I am a lifelong resident of Grant County, in particular, the city of Dry Ridge. I have watched our town grow from a small, farming community into a bustling, vibrant area that many choose to earmark as a pit stop in their travels. We are in a unique situation in which we are situated for the potential to continue growing, while also retaining a small town feel.

I also have taken a personal interest in our people. Our community is comprised of hard working individuals who are known for going above and beyond for others. Our town has also, unfortunately, seen the rise of the opioid and methamphetamine epidemics and homeless population. Many choose to land here because of our welcoming atmosphere. I believe we are in a great position to help those that need that little push to get back on their feet.

Dry Ridge, Kentucky is a beautiful town, one that I am proud to call home. My hope is to be a voice for others, across generations, while communicating effectively as decision makers. My only goal: to make Dry Ridge the best place to be.

Please consider this letter as my expression of interest. I would be humbled to serve the Dry Ridge community.

Respectfully,

Caryn Scheiding
