Emergency Dispatch Phone: 859-428-1212

Non-Emergency Dispatch:

Non-Emergency Dispatch Phone: - -

Agency Management

The Agency Management section has changed and now you have the ability to verify and update information about your agency. You will see the information listed below as what is current in the KBEMS Database.

To ADD Staff:

- Click Add
- In the “*Search” box type the KEMSIS Number for the person you need to add to the leadership.
- The name should appear when you type the KEMSIS Number. You should then be able to click on the person’s name and the information will appear to the right of “Staff Member to be Added:” section.
- The position the staff member holds needs to be selected next.
- NOTE: If a staff member holds multiple titles, they will need to be added multiple times with each designation added.

In other words:

If Chief Washington is considered the EMS Director, he should be added with “Service Director” and also should be added with “Operations Officer”

If Battalion Chief Lincoln is in charge of EMS, and they are the primary contact from KBEMS. They should be selected 3 times. They should have “Primary Contact”, “Assistant Service Director”, and “Operations Officer”.

Position Definitions:

Primary Contact – This is the person that you would like KBEMS to contact first when contacting your agency.

Operations Officer – This is a person at your agency who has the ability to access your KEMSIS account and has the ability to submit applications for your agency. You should have 2-3 personnel at your agency with Operations Officer designation.

Medical Director (On-Line) – Kentucky does not use yet. Do not use.

Medical Director (Off-Line) – This should be your medical director. If you have trouble finding them in the KEMSIS system, we use a prefix of MD in front of their KY Medical License number as their KEMSIS number (unless they are a licensed provider). You can search their medical license number, it should give you the option

to then select your Medical Director.

Service Director – This is the Director of the Service. This person should have Operations Officer access as well.

Assistant Service Director – This is who KBEMS can contact if we are unable to reach the Service Director. This is also another good person to give Operations Officer access to.

Service Representative – This is someone who does not have a KEMSIS number, but may need to access the system to keep rosters up to date, pay bills, submit applications, etc. Usually this is an Administrative Assistant in the EMS office. You may not be able to find them. They will need to create a KEMSIS account before you can add them. Contact KBEMS if questions kbems@kctcs.edu

Primary QA Officer – Kentucky does not use this feature. Do not use.

Infection Control Officer – Kentucky does not use this feature. Do not use.

To DELETE Staff:

Click the Red 'X' in the Delete column to the right of the name you need to Delete.

A box will appear. Click 'Delete' again.

This will remove staff from your agency Management roster.

Position	Full Name	Telephone # - (Day)	Telephone # - (Night)	Delete
Medical Director (Off-Line)	Preston, Henry		502-867-0222 (Home Phone)	
Primary Contact	JAMISON, JOSEPH R	859-824-9158 (Work Phone)	859-384-4412 (Home Phone)	
Primary Contact	JUMP, LESLIE T	859-393-3875 (Cell Phone)	859-824-4925 (Home Phone)
